Summary

Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning with strong programming skills in Python, Java, SQL, and Data Structures & Algorithms. Experienced in developing database-driven applications and cloud-based solutions using Azure and Oracle Cloud. Passionate about software engineering, AI, and backend development with hands-on experience in Git, Docker, Linux, and database design.

Education

Parul Institute Of Engineering And Technology — Vadodara, India
Bachelor of Technology in Computer Science Engineering | CGPA: 7.5 — *August 2024 – June 2028*

Maharashtra State Board (HSC) — Mumbai, India
Science (PCM) — *June 2024*

Technical Skills

Languages: Python, Java, C, SQL, JavaScript

Web Technologies: HTML, CSS

Cloud/Platforms: Microsoft Azure, Oracle Cloud Infrastructure

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, Docker, Linux, VS Code

Libraries/Frameworks: NumPy, MediaPipe

Projects

BST Visualizer | Python, Data Structures, Algorithms — December 2025

- Built a Binary Search Tree visualizer implementing insert, delete, and search operations
- Implemented DFS and BFS traversals including Inorder, Preorder, Postorder, and Level Order
- Designed modular Python architecture with automated testing
- Distributed the application as a standalone executable using PyInstaller

OIL India Limited SIF Precursor Intelligence System | *Python, AI/NLP, Machine Learning* — October 2026

- Developed an NLP-based system to identify Serious Injury and Fatality (SIF) precursors in safety reports
- Mapped reports to IOGP Life-Saving Rules and identified recurring safety risk patterns
- Deployed the application on Render for web-based access

Database of Flight Ticketing System | *MySQL, SQL, DBMS* — June 2025

- Designed a relational database for flight booking and ticket management.
- Created normalized tables with primary and foreign key relationships.
- Implemented SQL queries for booking, cancellation, and passenger management.
- Optimized database performance using indexing and efficient SQL queries.

Certifications

- **AWS Cloud Practitioner Essentials** — Amazon Web Services (AWS), 2026
- **Oracle Cloud Infrastructure Foundations Associate** — Oracle, 2026
- **Agents and Workflows** — OpenAI Academy, 2026
- **Claude Code in Action** — Anthropic, 2026
- **Python(Basic)** — HackerRank, 2026

Achievements & Leadership

- **Served as Student Coordinator** for a two-day Hands-on AI & ML Bootcamp, supporting event coordination and successful workshop execution.
- **Received Best Project Award** from ByteXL Pvt. Ltd. for outstanding project implementation.
- Participated in EY Techathon 6.0, collaborating on innovative software solutions.
- Participated in Codorra 2026, gaining experience in competitive problem-solving and teamwork.
